## Risk Management & FMEA seminar

- Wrap-up of this event will become and stay available for engineers through the Knowledge Sharing Centre (KSC) platform: [www.KSCEvents.nl](http://www.KSCEvents.nl).
- Follow-up by training FMEA by Holland Innovative, start 21 November, updates by Knowledge Sharing Centre (KSC) platform
  - ✓ A structured preparation to decrease the effort and time for the actual FMEA process
  - ✓ The CTQ flow-down and system decomposition
  - ✓ The results are input for the prioritization for the risk assessment
  - ✓ Makes risk management fun again!

# Manufacturability Technology Conference

Your guide to manufacturability

## Why participate?

- Contribute to increasing and strengthening the manufacturing technology knowledge of engineers
- 100% focus on manufacturing technology
- Supported by **ASML** and **Thermo Fisher Scientific**
- Your technology will stay available for engineers through the Knowledge Sharing Centre (KSC) platform.

**When:** 14 February 2023

**Location:** Koningshof Veldhoven

**More info:** [www.KSCEvents.nl](http://www.KSCEvents.nl)
